YN09APU	19-MAR-2010	Pass			annual psv large	Gillingham Test Station

Notes on Statement:

- 1). HGV and PSV reports produced using Pre-funded account numbers, show all first and annual test results, where the fees have been taken from the account.
- 2). Reports produced using the Operator Licence number will show test result data for the vehicles specified on VOSA's Operator Licence Business System.
- 3). PSV reports are not available by O'Licence number.
- 4). All PRS results are initially recorded as Fails, therefore Initial Pass Rate does not include PRS, but PRS are included in the Final Pass Rate.
- 5). Points are shown against Failure Items, only where they are used for targeting purposes. Points attributed to each failure item at test are totalled and shown on the summary page. No points are attributed to Trailers or PSV's.
- 6). The number of Fail to Attend results that occurred between the start and end dates of the statement, are shown on the summary page only.

Calculations used on the Summary Page

Customer Initial Pass Rate = No. of Passes / No. of Tests*100

Customer Final Pass Rate = No. of Passes+ No. of PRS / No. of Tests*100
